

123 Monnow Street

Monmouth, NP25 3EG

Offers In The Region Of £800,000

A traditional sit down and take away chippie, situated right next to the historic Monnow bridge in the heart of picturesque Roman Monmouth occupying a busy trading position for both local and tourist trade.

In addition to the affluent local population, the picturesque setting attracts custom throughout the year from day trippers, cyclists and walkers who pass through the village when proceeding to/from the village and river.

Monmouth is an ancient market town with a Roman foundation and as a border garrison between the English and Welsh, was endowed with a fine castle. It remained prosperous throughout the 18th and 19th centuries and is now a major tourist centre.

What has survived, however, is the Monnow bridge, the UK's finest 13th century town fortification of its kind. It was intended to defend the town from incursions by the Welsh and was provided with a portcullis and gate. In this, it was only partially successful, as the River Monnow is narrow and shallow and is easily forded nearby. But like most gatehouses, it was equally important as a means to collect taxes and control the passage of visitors into the town. Although much altered (again by the Victorians), it remains an evocative symbol of an earlier period.

The business was established by our vendor client in 1978 and operates as a dual Fish & Chip Take-Away and restaurant opening Monday to Saturday from 12:00pm to 8:00 pm. The sales are derived from both 'over-the-counter' take-away and seated with menu choice. The current owners don't offer a delivery service which provides the buyer with an excellent opportunity to expand the delivery service and possibly late night extended hours.

An inspection is invited of this well located fast food take-away and café which provides business growth opportunities. Located in a premier location with public parking opposite the premises.

The property has been in the same family ownership for 40 years plus

Tenanted Property – we are not always able to show the most recent condition of a property due to tenants' privacy and we may choose to show the photographs of the property when it was last vacant to at least allow clients some idea of the internal condition. Therefore, we would of course, urge you to view before making any decisions to purchase or rent the property and before any costs.

Energy Performance Certificates are supplied to us via a third party and we do not accept responsibility for the content within such reports.

PRC Certificates – Some ex-local authority properties have been repaired in recent years using the PRC Scheme wherein a certificate has been produced by a qualified property engineer. This certificate does not imply the suitability for a mortgage approval and you must satisfy yourself of the work carried out that may meet your lenders criteria.

As with leasehold property or new build development sites, you are likely to be responsible for a contribution to management charges and/or ground rent or a contribution to the development service charge. Please enquire at the time of viewing.

You may also incur fees for items such as leasehold packs and, in addition, you will also need to check the remaining length of any lease before you complete a mortgage application form. Please ask a member of our team for any help required before committing to purchase a property and incurring expense.
