Vendors Comments:

We loved April House as soon as we walked through the front door, and thirty years later we still love it!

It has been a wonderful family home, plenty of room for the whole family, the children being able to walk to school and forest walks on the doorstep (dumping muddy wellies in the utility room on return!)

We love how light and spacious it is, cool in summer and warm in winter (we were delighted with the very high EPC rating), and have held many gatherings of friends and family here over the years.

Our children have all grown and moved away now and that is why we too are moving, to be closer to them. We leave with so many happy memories of our life at April House.
