An extremely well-presented four-bedroom detached modern home built approximately two and a half years ago to an exceptionally high standard which really needs to be viewed internally to appreciate to the full. The property is located in the centre of this sought after rural village with views across the surrounding countryside and easy access to the network of local footpaths. The Croft has had little expense spared in creating a lovely family home which as you would expect has all modern installations and heating system. A particularly attractive feature is the kitchen/family room being well equipped with work station and dining area taking full advantage of the countryside views. The gardens lay predominantly to the front of the property laid to lawn with raised sun terrace again with good views. To the side there is a detached summerhouse which would make an ideal office being double glazed with power and light. There is ample parking and an attached double garage to the side. Sancreed is a popular village approximately four miles from the main town of Penzance which has a good array of local shops and amenities. Due to the popularity of new build properties we would highly recommend an early appointment.
