A chance to acquire a unique four bedroom detached family home with integral two bedroom flat, set in secluded grounds with spacious versatile accommodation which could be used for a variety of uses, subject to any necessary permissions. The property has an individual design, which the present vendors have adapted in such a way that there is potential for working from home, or one large family home. The property is set in very secluded grounds, two lawned areas, large driveway and parking area leading to a detached garage with large roller door, ideal for campervan or similar. An integral part of the property is a large double garage with inspection pit, further office area behind and storage, along with useful rooms to the side, which were formerly a further double garage. Menawethen has some sea views over Mount's Bay from the living room and balcony and would make an ideal family home. Churchtown Gulval is a much sought-after area just on the outskirts of Penzance, being only a short drive away, with access to open countryside and local beaches. Due to the popularity of properties such as this, we recommend an early appointment.
