Mikaela says:

"Tucked away just off a quiet road, this lovely 4-bedroom detached home offers a great mix of modern style and family-friendly space. There's parking for two cars side by side on the driveway, and inside, everything feels really well thought out.

The heart of the home is definitely the 'Wren' kitchen diner. A large, bright space with fantastic skylights and plenty of room for a dining table. There's even room to create a further snug area. The bifold doors opening out into the beautiful garden has got to be my favourite feature. The kitchen island is perfect for family breakfasts or chatting with friends while cooking, and the integrated appliances make everything feel really sleek. There's also a utility room with extra cupboards and a sink, keeping everything practical and tidy. The living room at the front has a lovely bay window, letting in lots of light, and upstairs you'll find three good double bedrooms and a generous single room. The bathroom and en-suite both have a modern light grey finish – the bathroom has a separate bath and shower, so there really is space for everyone!

Outside, the multi-level garden has a patio area and lawn, great for those family barbeques whilst you watch the children play.

Little touches like solid wood doors, chrome handles and light switches, and spotlights throughout show the attention to detail. It's a really well-designed family home in a great area, close to good schools, shops, and everything you might need!"
