The Shambles is a fabulous family home set in approx 1.75 acres, situated in an elevated position in the pretty hamlet of Bratton Seymour. In recent years it has been subject to a highly successful renovation program and now offers over 3000 sq., ft. of stylish accommodation set over two floors.

Situated entirely within its own land, it enjoys sensational views of the Somerset countryside, and comes with a paddock and a range of outbuildings.

The house is approached via a private drive that culminates in a gravelled parking area to the East side of the house. The front door opens beneath a pretty porchway to a spacious reception hall graced with a fine oak floor and with access to both reception rooms and a fabulous kitchen diner at the heart of the house.

The sitting room is elegantly furnished with oak floors and a warmed by a Harmony 10kw wood burning stove. French doors open directly to a South facing terrace at the front of the house. Similarly, the dining room opens to the rear terrace, perfect for al fresco dining in the summer months.

The kitchen/dining space is truly stunning; bespoke shaker styled units sit beneath beautiful granite worktops and house a range of integrated appliances that include a wine fridge, a Miele oven and coffee machine, a Neff dishwasher, and an induction hob with extractor unit. A fabulous island (plumbed for a sink unit if desired) offers further workspace and doubles up as a breakfast bar.

The dining area is no less impressive and features double doors that open to the terrace. Underfloor heating, 7-inch oak skirting boards, oak boards on the windowsills and Orocco double glazed windows add a touch of luxury.

Off the kitchen is a cloakroom and a spacious utility room furnished with a double Belfast sink, additional units, and granite worktops. Doors open directly to the garden.

A solid oak staircase rises from the main hall to the first floor comprising of an elegant landing area, a principal bedroom suite, three further bedrooms (one with an en suite bathroom) and a family bathroom. The principal suite is beautiful and encompasses a dressing room and a stylish en suite bathroom.

All the bedrooms are generously proportioned and come with breathtaking views of the surrounding countryside; one features a laundry chute, another, built in wardrobes and drawers.

The bathrooms are furnished with Matki shower units, heated towel rails and porcelain tiles. The family bathroom features a hydrotherapy bath and houses the hot water tank and an airing cupboard. Of particular note are the high ceilings on the first floor that give a real feeling of space and make the most of the natural light.

An attic loft runs above the 1st floor and offers scope for further accommodation if required.

Outside

The house is approached via a pretty driveway that runs alongside attractive lawns that feature a fishpond made from half a steam boiler. Immediately adjacent to the house to the rear is a pretty West facing terrace perfectly sheltered beneath the hill and notable for its golden stone wall that houses a built in BBQ.

Steps rise in the shade of two glorious Yucca trees to well-maintained lawns that sweep upwards to the paddock and the open fronted barn. Raised beds and a greenhouse offer the opportunity for home grown produce.

Also, in the grounds is a stone barn , approx 1400 sq ft clad partly in timber and accessed via doors to the front, or via steps that rise to a mezzanine floor to the rear. It is currently used as a storage facility but would lend itself to a wide variety of uses given the relevant planning consents.

Solar panels discreetly positioned on the roof and an air source heat pump ensure utility bills for the house are kept to a minimum. Summary Built of an attractive combination of natural stone and red brick motifs, this is truly a rural idyll that blends its natural heritage with the best of contemporary design. The recent renovations have more than succeeded in creating what is truly elegant accommodation in the most beautiful of settings.
