**01603 662 662**

## **PARTICULARS**

We are delighted to bring to you this excellent opportunity to acquire an established outside catering business offering flexible working with minimal overheads. Giving the chance to be based from home and choosing which events to take on means this could be an ideal lifestyle business or an add on to an existing one.

With a low entry price which includes lots of equipment, this is likely to attract strong interest and so please do contact us to discuss further as soon as possible if you like the look of this business.

## **THE BUSINESS ITSELF**

Established in 2016 by the current owner the business has built up a great reputation for the quality food products that they are able to provide. Offering a range of options with equipment to prepare items such as a pizza, paellas, hog roasts, BBQ's and ice creams, they are able to cater for most clients requirements. It is little surprise therefore that they are such a popular choice for clients.

Mainly carrying out private client events such as weddings, birthdays, anniversaries and such like, they have also attend shows including the Lord Mayors Parade and this is an area which could be further expanded upon should a new owner so wish.

The vendors have operated the business to suit their own requirements and someone new taking over would be able to do similar, either choosing to take one more events to increase turnover or less if they would prefer more time for other interests.

The business benefits from having lots of catering equipment together with a strong website, all of which will be included in the sale. With this is a refrigerated trailer which the vendor has been occasionally hiring out separately, which offers another income stream.

The vendor is able to provide a full handover together with various useful administrative documents and will be happy to assist in making introductions with clients and local venues where they have undertaken events previously.
