& COUNTRY

Site overview

The proposal comprises four detached dwellings with driveways, garages, and private gardens, together with the construction of a vehicular access road from Petersfield Close. Plot 4 is proposed to be constructed as a self-build dwelling.

Location

The development site is situated in the popular residential area of Higher Compton. To the east of the site is an area of woodland, which is located to the north of Efford Cemetery and Crematorium. This area is designated as City Green Space in the Plymouth and Southwest Devon Joint Local Plan (JLP) and is a biodiversity network stepping stone site. The designation falls entirely outside the boundary of this application site. The site is within close proximity of bus stops along Eggbuckland Road, with services that connect to Plymouth City Centre, and is within walking distance of the local amenities at Higher Compton local centre, which include convenience shops, a post office, a bakery, hairdressers and pubs.

Planning Status

The development will attract CIL. Details of the process can be found on the local planning website <https://www.plymouth.gov.uk/community-infrastructure-levy>
