Summary

This is currently a huge bungalow complete with indoor swimming pool situated in Western Avenue - one of the area's most prestigious roads - and on a simply beautiful plot of around 0.75 acres.

The existing bungalow is oversized and with an indoor pool complex but in need of complete modernisation. However, for many potential purchasers the value will sit purely and simply in the land which is ripe for redevelopment.

Interested parties are advised to make their own enquiries as to its suitability for redevelopment and the consents required (including planning permission) but included in our listing are feasibility plans and a 3D visualisation of what an ultra contemporary house might look like on the site. The design is by leading architects ARC who can potentially advise interested parties on planning matters but the proposal as currently drawn extends to over 5,700 square feet.

We understand that a more traditional design could be proposed if preferred and potentially for a much larger dwelling. Potential building plots in the Branksome Park Conservation Area are very rare now and especially in premium locations such as this one.
