Summary

Vision is a landmark block in the area. It is well known locally due to its unique and striking design as well as its amazing location and easy access to the beach below via a gateway in the grounds connecting to a short footpath.

This apartment is, effectively, located on the first floor although it is on a level threshold from the main entrance and in our opinion it boasts one of the best sea views in the whole of the development incorporating waves breaking on the shoreline of the Sandbanks Peninsula. Waking up to the sound of the sea is one of the joys of living in this luxury apartment and it would be difficult to replicate elsewhere.

The accommodation is presented in pristine decorative order and it extends to just over 1,700 square feet. It was originally designed as three bedrooms but configured as two bedrooms for the current owners who purchased it during the course of construction. As a result the principal bedroom is especially spacious and it boasts a walk through dressing area as well as “his and hers” en suite bathrooms. Other luxuries include a stunning contemporary kitchen by Siematic with Gaggenau appliances, an integrated audio system and air conditioning. There is a communal lift to all floors and two secure parking spaces with a dedicated store in the underground garage.
