Summary

Newton Rise is a newly completed project which represents a rare opportunity to acquire a beautiful lifestyle home extending to just over 6,500 square feet but still a level walk from shops and around 500 metres from Canford Cliffs Chine which leads to some of the area's most beautiful beaches.

The accommodation includes five bedrooms, six bathrooms, six receptions and a home office. The flexible layout could be configured to include a ground floor bedroom suite if required. The proportions everywhere are impressive and for those in need of space for friends or family each of the bedrooms is an impressive double and each of them would vie for a principal bedroom in most luxury homes. Most of the top floor is allocated to an entertainment or leisure suite which includes a games area, informal sitting, media space and a dedicated bar.

Other features include a first floor sitting area - an ideal quiet space - whilst one of the ground floor receptions is currently used as a gymnasium. The luxurious kitchen boasts a centre island and all mod cons including an instant boiling water tap and an induction hob. The fit out and fixtures everywhere are simply stunning - our photographs tell a story - and outside the level garden boasts a private sun terrace and a dedicated sun deck for a family sized hot tub. Finally there is an oversized integral garage and generous parking on the gated driveway.
