Summary

Chine House is located in Lakeside Road in a very popular spot backing onto the Brankosme Park Woods through which there is a very pretty woodland walk of just over half a mile leading to Brankosme Chine.

The house is deceptively spacious with built form extending to just over 2,800 square feet. The accommodation includes four bedrooms, three bathrooms, three receptions including a kitchen / dining room, a study and a 6 metre double garage.

The outside space is especially good including a large decked terrace and a large rear garden with rolling lawns forming part of a sylvan setting. The driveway offers good guest and casual parking as well as being enclosed by remote control gates.

The house was built by one of the areas' longest established developers and the internal layout is highly unusual thanks to some split levels and half landings. It is in good decorative order but also offers excellent potential for anybody looking to make cosmetic upgrades and it comes to the market at an excellent price-point for this favoured location.
