Summary

Newport House is one of three highly contemporary waterfront homes completed less than 10 years ago as part of the exclusive Sandbanks Yacht Company. They have the unique benefit of jointly owning the immediate foreshore as well as a private pier with dredged access, so if you are looking for unrivalled access to the water then look no further!

The spectacular accommodation extends to 3,790 square feet and comprises four bedrooms, five bathrooms, kitchen dining and open plan living as well as an entertaining room with bar which is also zoned to include a home office. The principal bedroom has a palatial en suite bathroom and separate dressing room as well as a private sun balcony with spectacular harbour views. The split level open plan kitchen dining and sitting area also has a dedicated sun balcony which benefits from the same mesmerising view. The ground floor entertaining room is beautifully fitted out with a bespoke bar complete with drinks fridges, the whole of which connects to the outside terrace where there is space for tables, chairs not to mention a custom made fully fitted outdoor kitchen with BBQ, fridge, patio heater and granite work surfaces, all of which is covered with a powered awning and external lighting, making it the perfect place to watch the sunset.

The luxury specification includes a fully automated Control4 system for controlling the heating, audio/visual, curtains, blinds and lighting from anywhere in the world as well as high end and stylish decorative finishes throughout. The main entrance is accessed via a private driveway in a quiet cul-de-sac leading to a shared courtyard where each house has an individual oversized garage. From there, the main dwelling is approached via a private gate beyond which sits a mediterranean style courtyard and seating area. There are also three secure underground parking spaces allocated to the house just over the road in the sister development known simply as The Peninsula. Newport House house also has the benefit of a privately demised store which is ideal for a jet ski and which forms part of a secure area connecting directly to the house as well as to the yacht company slipway via a remote controlled shutter. Beaches are of course easily accessible by way of a short walk as is the ever popular destination restaurant Rick Stein.
