Summary

This is a wonderful example of contemporary architecture but to a design which truly showcases its waterfront location and its connection to the Blue Lagoon.

The built form extends to over 6,100 square feet and it includes four stunning bedrooms, each with en suite facilities, a home office, a hugely impressive kitchen lifestyle room complete with spiral wine cellar and a top floor suite of entertaining rooms including a luxurious bar and a separate sitting with dedicated terraces.

Outside space features prominently with a magnificent decked terrace connecting to the main open plan living space via motorised large format patio doors. The principal terrace extends to a lower level where there is a barbecue area as well as a hot tub / combined swim spa in close proximity to the waterfront where there are steps to a small wooden jetty.

Other stand out features include the magnificent principal bedroom suite with its dedicated sun balcony, exquisite en suite bathroom, steam room and walk in dressing room. In addition there is a magnificent radius staircase, home automation, integrated audio and finger printed security on the front door.
