SELLER'S SECRET

"It is the perfect family home, modern and spacious. With a large, sunny garden"

The solar and battery installation is a huge asset.
In the summer will produce up to 40kw per day
Enough to run 8 homes.
Even in the winter it will produce enough power to make the house effectively "off grid"
The house is east - west facing, so it will get sun all day.

It is a very quiet neighborhood.
Being at the end of a Cul-De-Sac means we have no through traffic. The street and surrounding area is safe for children to play."

Why we like it....

Location, Location, Location! The Grace Homes Development is one of the most prestigious addresses in Burton Latimer. The property is spacious, well-kept and been significantly improved with the addition of Solar Panels.
