COOPER
AND
TANNER

Cooper and Tanner

We are estate and letting agents, auctioneers and surveyors. Providing specialist advice on residential, agricultural and commercial property as well as livestock, agricultural machinery and antiques. We are proudly a multi-discipline practice that covers a diverse range of services. The firm has been established for over 100 years, and we continue to evolve and adapt our business to meet the needs of our clients while honouring our rich history. We operate from twelve locations throughout Somerset and Wiltshire. Within the towns and nearby villages of Bridgwater, Castle Cary, Cheddar, Frome, Glastonbury, Midsomer Norton, Shepton Mallet, Standerwick, Street, Warminster, Wedmore and Wells. Covering some beautiful areas such as the Mendip Hills, Somerset Levels, Wiltshire Downs, Chew Valley, Cam Valley and the Blackmore Vale. Our professional and valuation services stretch beyond and cover some of the larger conurbations of Bristol, Bath, Salisbury, Yeovil, Taunton, and Trowbridge. We are regulated by the Royal Institution of Chartered Surveyors (RICS) and Property Mark (NAEA). If you have any queries, please contact any of our offices – you will receive a warm and professional welcome.

Cooper and Tanner Testimonials

COOPER
AND
TANNER

Testimonial 1

Fantastic Service from Cooper & Tanner in Shepton Mallet! As a mortgage broker, i deal with a lot of estate agents and things can be cut throat and very non personable. I was helping a vulnerable client purchase his forever home and he was completely unsavvy with this world so i was concerned for him getting through the process, however, Andrea was absolutely amazing. She kept us completely up to date and was ALWAYS available for support!

Testimonial 2

I have just completed today on the sale of my parents property in Shepton Mallet and I wanted to give a glowing review to Copper and Tanner who have been fantastic throughout. They are professional, friendly and helpful. They kept us up to date and often went above and beyond what was required of an estate agent. We needed to sell the house to pay for care home fees for my our Mum which has been hard work especially as we don't live in Shepton.

Testimonial 3

Our experience with the lettings team at Cooper and Tanner was fantastic. We dealt with Lauren mainly, who was always happy to take our questions to the landlords and came back promptly with the answers for us. She was always polite and professional when we met her for viewings and has been a pleasure to deal. She made the whole process from finding somewhere that would accept a dog, to offer acceptance, referencing and finally the move in day. Thank you.

Testimonial 4

Chris, Andrea, Sally and Lucy were a pleasure to deal with during my conveyancing process. They were knowledgeable and communicated well, keeping informed of developments and doing everything possible for completion to happen. Many thanks to the whole team.

We have been advised by the seller the property has a gas radiator heating system.

Flood Risk

Surface Water - Flood Risk

COOPER
AND
TANNER

This map shows the chance of flooding where rainwater has nowhere to drain. This kind of flooding can occur far from rivers or seas.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

COOPER
AND
TANNER

The map shows a residential area in Bristol. Key streets include Norlet Court, George Street, St John's Square, North Road Street, and Monmouth Close. A blue location pin is placed on North Road Street. The map also shows building footprints, a park area (Feverish Lane), and various street names. A blue location pin is placed on North Road Street.

Flood Risk

Rivers & Seas - Flood Risk

COOPER
AND
TANNER

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Flood Risk

Rivers & Seas - Climate Change

COOPER
AND
TANNER

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

Nearby Council Wards

- 7 Moor Ward
- 8 Street South Ward
- 9 Wookey and St. Cuthbert Out West Ward
- 10 Butleigh and Baltonsborough Ward

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area Road Noise

COOPER
AND
TANNER

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB
