DESCRIPTION

This impressive detached house has been a cherished family home to our clients - only the property's third owners - for almost 30 years. Constructed in the late 1950s and extended in the early 2000s, the house now offers well-proportioned and flexible 5-bedroom accommodation of over 2,750 sq.ft, enjoying wonderful natural light. Of particular note are the oak internal joinery, large sitting/dining room, 43ft conservatory and first-floor balcony terrace, plus eco-friendly features in the form of a roof-mounted PV solar panel array and EV charging point. Externally, there are some wonderful, varied gardens featuring a mix of ornamental planting, quiet seating areas, and extensive space for fruit and vegetables, plus a newly tarmacked gated drive, garage and workshop, making this an extremely well-rounded home perfect for active family life.

ACCOMMODATION

The house is accessed on the ground floor through a porch into a central entrance hallway. Found on the ground floor are: a sizeable, L-shaped sitting/dining room centered around a log burning stove; an enormous, 43ft conservatory with a triple aspect over the rear garden; a well-equipped kitchen/breakfast room with walk-in pantry; a large, adjacent utility room; a study or potential sixth bedroom, and; a cloakroom. From the hallway, an oak staircase rises to the first floor where there are five bedrooms, of which four are doubles - all with picture windows enjoying the attractive rear outlook - and two have shower rooms en suite, plus a further standalone bathroom and adjacent shower room. One of the en-suite bedrooms also has access to a good-sized balcony terrace which overlooks the rear garden.

OUTSIDE

The house is approached over a newly tarmacked, electronically gated driveway which leads to the attached garage and adjoining workshop. The property's large, private gardens are an undoubted highlight, having been thoughtfully arranged and cultivated with a number of specimen trees and mature shrubs. Laid principally to lawn with well-stocked, colourful flower and herbaceous borders at the rear, located around the garden are a good-sized greenhouse, a fish pond, an orchard, a sizeable vegetable patch and a fruit cage, plus a large patio terrace and several seating areas.
