Nestled in the historic heart of Brixham's old "Cow Town," Black Cottage is a charming Grade II listed building. Built over 500 years ago by the Friars of Totnes Abbey, it later became part of the Manor House of the Barons of Brixham in the 17th century. The cottage beautifully blends its historic features with modern comforts, creating a unique and welcoming home. Situated in a village-like community, it is just a two-minute walk from useful shops, including a Spar with a sub-Post Office and several restaurants. St. Mary's Parish Church and Park are also nearby, offering a picturesque setting.

The property boasts a careful balance of quality materials and contemporary design while retaining its historical essence. It features a separate living room, a cosy dining room with a wood burner, and a well-equipped galley kitchen with a utility room. An additional "flexi" room off the utility can serve as a bedroom, studio, or second lounge area, complete with an en-suite bathroom. The five double bedrooms, each with en-suite facilities, ensure ample space and privacy for family and guests. The home also benefits from gas central heating, powered by a new modern gas combi condensing boiler, and a charming courtyard garden that is both attractive and easy to maintain.

Black Cottage has retained much of its original charm while incorporating unique modern touches. Renovated over the last decade, it presents a home ready for immediate occupation with a deceptively spacious layout. The separate lounge leads to a dining room with a fully fitted kitchen and utility room just off, ensuring practicality and comfort. Each bedroom features an en-suite, and the house is warmed by gas-fired central heating. Original features, such as the open stone fireplace and stone walls, add to the cottage's character, complemented by a sunny, westerly-facing patio courtyard.

The rear courtyard of Black Cottage is a delightful space measuring approximately 46' 6" x 13' 2" (14.16m x 4.01m). It is fully enclosed and features a built-in BBQ with storage underneath, a white painted seating area with a pergola, and a recessed space with shelving. The rockery with plants and shrubs adds a touch of nature, while the limestone wall boundary ensures privacy and security for pets and children alike. This westerly facing area is perfect for enjoying the sunshine and outdoor dining, enhancing the overall appeal of the property.

Although Black Cottage does not have its own parking, the current owner rents a car parking space along Milton Street for just £5.00 per week. This arrangement ensures convenient parking without the hassle of finding a space, making it a practical solution for residents. The availability of a nearby rented parking space is a valuable benefit, particularly in a historic area where parking can often be limited.
