'The Sand Castle' is a splendid example of a spacious detached home, meticulously designed to offer versatile accommodation. Spanning two floors in a reverse-level layout, the house is bright and airy throughout. Currently operating as a successful holiday let generating circa £50,000 per year, 9 Wall Park Close is beautifully presented and finished to a high standard, featuring many modern conveniences.

The first floor predominantly houses the superb living space, which is largely open plan, creating a wonderfully sociable environment. The well-equipped kitchen includes a range of integrated appliances, such as an electric oven, microwave, hob, and dishwasher. Adjacent to this is a convenient breakfast area and a formal dining area located within the generous sunroom, which also provides access to the rear garden.

The delightful living room complements the dining areas beautifully, with sliding doors leading to a balcony that not only floods the room with natural light but also offers additional views over the rooftops towards the harbour.

Beyond the living area, there is a fabulous principal bedroom with a large bay window, along with two further double bedrooms, one of which has access to the rear garden and a family shower room.

The ground floor accommodates two more generous double bedrooms, currently set up as a family room and a bunk room, as well as a shower room and a separate cloakroom.

There is also a spacious hobby room with its own, separate entrance from the side, as well as a large utility/laundry room just off, offering a range of possibilities. This space lends itself quite naturally to self-contained, 'annexe' accommodation for multi-generational living or an income stream (subject to any necessary consents). Alternatively, it could be used as a cinema room, bar area or a large home office/studio.

Outside, to the front, there is ample off-road driveway parking and a pretty lawned garden bordered by shrubs, while the rear garden is also laid to lawn. Wonderfully private and well-fenced, there is a terrace which perfect for alfresco dining, along with a summerhouse for further storage.
