Newly built in 2010, and available for the first time since, 'Odyssea' is tucked away on a private lane off Mathill Road - impossible to see from the roadside - and is a sprawling four/five bedroom, architect designed detached family residence, set on an impressive level plot which is secluded and enjoys a lovely sunny aspect.

The location is handily positioned approximately 1 1/4 mile from Brixham Harbour and town centre (bus service to hand if required). Access in and out of Brixham is quick and direct - avoiding the very central areas - via Laywell Road and Monksbridge. There are useful local shops at nearby Summercourt Way and St. Mary's Square including a sub Post Office/Store. Within a two mile radius are many wonderful coastal walks and beaches including Berry Head Country Park, Sharkham Point, Elberry Cove and The Breakwater.

Entering the property via the spacious and impressive entrance hall, the scale of the property is immediately clear to see. Split over some well designed 'mid-levels' in order to amplify the space on offer, the ground floor offers conventional and practical living spaces including a large family living room, utility room, downstairs WC, a rear porch/boot room and a showstopping kitchen/dining/entertaining family space which opens out through hardwood bi-folding doors to the large rear garden. The first floor boasts four double bedrooms (master ensuite) as well as a family bathroom and tow very handy study or hobby rooms, as well as plenty of storage.

The kitchen is a high quality and modern arrangement, with premium appliances built in, black high gloss kitchen units and contrasting dark-red upstands on a bespoke, funky-shaped central island, all topped with sleek, solid worktops. The dining area currently doubles up as a superb entertaining space - ideal for parties or socialising. Opening out to the rear garden through a large wall of bifolding doors creating a fabulous inside/outside space. The large family living room, on the lower mid-level also opens out through matching bi-folding doors onto a sunken garden which again would make for a versatile social space directly off the property.

Outside, the impressive wraparound gardens offer several well defined areas to enjoy, from spacious decking and hard patio area, to open lawns, to the aforementioned sunken area off the lounge, to the gravelled area to the front-right of the property, which would be a good spot to create a garage space if required. The the front of the property are several parking spaces directly outside on the low-maintenance gravel-laid frontage.

The property is heated with gas-fired underfloor heating throughout, independently controlled around the house, and solar panels have been installed on the roof (and are owned outright) making for an additional, efficient source of energy for what is undoubtedly a particularly large home, and there is of course, double glazed windows throughout the property.
