The Property

This end of terrace home was originally built by the local authority in the 1960's and has just been remodelled and refurbished to a good standard. The house now has cavity wall construction with a PRC certificate and has been replumbed, extensively rewired and refitted throughout. There is laminate wood floor throughout most of the ground floor, with new carpets in the sitting room and bedrooms.

The Accommodation

The UPVC front door leads into a hall with the stairs off and a recess under. The sitting room has a fitted log burning stove and overlooks the generous rear garden. The kitchen at the front has a good range of units with a fitted electric oven, hob and extractor over. The dishwasher and fridge are both integrated and the new Worcester combination boiler supplies central heating and hot water. A wide opening leads through to a generous dining room with double doors into the garden. A door off leads to the large utility room with fitted cupboards and space for two under-counter appliances, with a cloakroom off. From the first floor landing there is access to the loft. There are two double bedrooms at the rear, plus a generous single at the front, with an open aspect. The new bathroom has a shower over the bath and fitted cupboards.

Outside

The gardens to the front, side and rear are enclosed by new feather-boarded fencing with a gate into the rear

garden from the path at the side. Adjoining the dining room is a paved patio and the gardens have been seeded.
