The Property

Nearing completion by locally based B2 Building Services Limited, plot 4 occupies the largest site on the development. Four of the properties are occupied and the last remaining unit is under construction so all building works are expected to be completed by mid 2025. With elevations of natural stone and fibre cladding, beneath a slate covered roof with solar panels, the house features anthracite aluminum double glazed windows. These high specification homes meet the latest energy efficiency standards and their traditional design is in keeping with the rural surroundings.

The Accommodation

Plot 4 has a large open porch, with oak posts on saddle stones. The front door leads to a hall with staircase off. On the right is the living room with a log burning stove. On the left is a snug, while at the rear is a large dual aspect kitchen/dining/family room with 5 bi-fold doors into the garden. Leading off is a utility room and cloakroom. On the first floor is a large landing with access to the loft space which has attic trusses, ideal for conversion if required. There are three double bedrooms, two with en suites, a family bathroom and two studies. There is a Juliet balcony in the main bedroom to maximise the countryside view to the rear.

Outside

At the side and rear is an enclosed garden, with a country aspect. There is driveway parking adjacent to the:
