A new UPVC double glazed conservatory has been added to the rear. At the side is a detached garage, with a useful covered storage area to the rear, ideal for wheelie bins and the like.

The current owners have refurbished the property throughout to a good standard. Improvements include a new boiler with replacement radiators, a new consumer unit, new fitted kitchen, updating of the bathroom, with the addition of a mains shower over the bath. All the windows and doors have also been replaced with UPVC double glazed units and the block paved driveway has been extended providing ample off road parking.

Outside

The garage has an electric up and over door, door to garden, power and light. There is gated side access to the rear garden which is chiefly lawned with paved terrace and shrub borders. A summerhouse has been built, with power and light, ideal for studio or home working. There is also a separate wooden shed for garden tools.

General
