

Madison Court, Harworth

Common Lane, Harworth, Nottinghamshire

People. Property. Place.

21st century living in desirable Nottinghamshire locations

Our homes are befitting of the quality and contemporary appeal expected from modern-day construction. We design our properties with comfortable living at their heart, creating airy spaces where families can relax and enjoy time together away from day-to-day distractions.

Energy efficient insulation, high-end build techniques and attractive designs make our new-build homes desirable places to settle for purchasers of all ages. Whichever home fits you best, you can rest assured that we've considered our three promises; people, property, place. Working with our team, you'll enjoy a personable and smooth purchase process, leaving you more time to focus on the details before you move.

Modern homes for modern lifestyles

Committed to quality construction and improving your area

Hitting the highest standards matters to our team – from the sales executives helping you to choose the perfect home, to the bricklayers, plasterers and plumbers crafting your new dream property. We employ locally to give back locally – boosting the economy and creating jobs for skilled people to transform the area within which they live.

All of our homes come with a 10 year new home warranty through the LABC, cementing our commitment to quality in all we do. Ultimately we're people people, delivering on our promises to ensure that people, property and place remain at the heart of our interactions as we transform towns and villages across Nottinghamshire through exciting and contemporary new home developments.

Live the dream at Madison Court

Choose a home that embraces your lifestyle

We're proud to unveil our first development, Madison Court, situated on the corner of Common Lane and Styrrup Road in the charming Nottinghamshire village of Harworth.

Taking inspiration from the village's famous cyclist Tom Simpson, the name Madison Court derives from a type of cycling race where teams compete to complete the highest number of laps. Comprising of 26 new-build homes, Madison Court will bring together a collection of contemporary bungalows and 3 & 4-bedroom properties, perfect for first and second time buyers as well as upsizers and downsizers.

The development sits close to the A1 in the heart of old Harworth. A short drive through the village takes you to the main high street with its national chains, independent shops and supermarkets as well as schools, leisure facilities and eateries. The popular village of Bawtry is a short drive away as is the Yorkshire town of Doncaster.

Enjoy the wonder of Robin Hood county

A well connected location with towns, cities and transport links close by

Harworth is a desirable location with a prominent position on the border of Nottinghamshire and Yorkshire. Its location puts it between Worksop and Doncaster in the very north of Robin Hood county with convenient transport links such as the A1, A60 and A631 all close by making Doncaster and Rotherham easy to access. Commuters can enjoy quick links to Nottinghamshire and South Yorkshire while those looking for exciting days out for the whole family, can enjoy an array of tourist attractions and places of interest within a short drive.

Regular buses serve the village operating to Bawtry and Doncaster while Doncaster's Robin Hood Airport is only an 11 minute drive by car for those looking to escape for the occasional holiday abroad.
