

Legend

-  Radiator
-  Towel heater
-  SVP
-  Gully
-  WF Wall mounted extract fan
-  F Ceiling mounted extract fan
-  Fan isolation switch
-  Area to be covered by carbon monoxide detector with remote indicator to L2 standard
-  Area to be covered by smoke detector with remote indicator to L2 standard
-  Rate of Rise Heat detector

Smoke detectors, Rate of Rise heat detectors and Carbon Monoxide detectors to be mains wired and interconnected

Direction of flow determined by drainage engineer.

Internal waste runs to SVPs, Gullies, etc. to connect to drainage system as designed by drainage engineer. Inspection chamber positions shown on this drawing are indicative and subject to change when U/G drainage design is complete.
