

31 GREEN COURTS | BOWDON

£1,750,000

An extended and remodelled modern detached family house positioned in a prestigious location at the head of a quiet cul de sac. Exceptional secluded rear gardens set within grounds of approximately one third of an acre. The superbly presented accommodation briefly comprises entrance hall, cloakroom/WC, sitting room, dining room, living/breakfast kitchen, living/dining kitchen, office, primary bedroom with dressing area and en suite bathroom/WC, six further bedrooms and two bathroom/WCs. Gas fired central heating and aluminium/PVCu double glazing. Off road parking, car port and double garage. Brick built garden store. Ideal for cohabiting families with a variety of potential configurations.

POSTCODE: WA14 2SR

DESCRIPTION

Green Courts is an impressive development of detached houses consisting of small groups within cul de sac settings grouped around open areas, adjacent to the Devisdale and forming part of the Conservation Area. Green Walk has long been one of the most sought after locations in Bowdon not least because of the attractive tree lined setting. The shopping centre of Altrincham is approximately half a mile distance with its highly popular Market Hall which contains a variety of establishments including small independent retailers and informal dining options. The Metrolink station provides a commuter service into Manchester and the area is well placed for the surrounding network of motorways. Equally, just a little further is the fashionable village of Hale with its range of restaurants, wine bars and individual shops. Nearby is the exceptional Altrincham Grammar School for girls with Altrincham Grammar School for boys, Loretto Convent and St Ambrose being other highly regarded educational institutions in the locality as are the primary and preparatory schools.

This modern family house has been improved over the years with the installation of powder coated aluminium window frames and laminated security double glazing alongside independent heating systems. The original dwelling and remarkable extension combine to create much sought after open plan living space of almost 4,000 square feet and is ideally suited for one large single family or multi-generational living and the carefully planned internal arrangement is configured to allow a variety of options for an incoming purchaser.

The magnificent grounds need to be seen to be appreciated and incorporate a block paved terrace which is ideal for entertaining during the summer months. Enhanced by an expanse of well maintained lawn and surrounded by a variety of mature trees this secluded setting extends to around one third of an acre.

Approached beyond a wide block paved forecourt with double garage beyond and covered parking area to one side, the accommodation is generously proportioned and superbly presented throughout. The spacious entrance hall provides access to the integral garage and cloakroom/WC and leads onto an elegant sitting room with the focal point of a revealed brick chimney breast and living flame gas fire set upon a tiled hearth. The adjacent dual aspect dining room features French windows to the paved terrace and glazed doors opening into the living/breakfast kitchen. Fitted with high gloss white units complemented by polished granite work surfaces and Miele integrated appliances there is also ample space for a breakfast table. In addition, the home office is furnished with bespoke furniture and may prove invaluable for those who choose to work from home. The ground floor is completed by a stunning open plan space comprising living/dining area with sliding windows opening onto the gardens and contemporary fitted kitchen with polished granite work surfaces and Neff integrated appliances.

At first floor level the excellent primary bedroom benefits from a dressing area with built-in mirror fronted wardrobes and luxurious en suite bathroom/WC complete with separate walk-in shower. Six additional bedrooms are served by two well appointed bathroom/WCs and analysing the floor-plan is highly recommended to comprehend the unusual potential.

Externally the double garage has been improved with twin German engineered doors and secure access to the entrance hall. The brick built store provides much needed space for garden furniture and connects to the main house via a covered parking area. Finally, there is also provision for EV charging.
