DESCRIPTION

This double fronted Victorian semi detached house stands in a slightly elevated position and lies within the heart of the conservation area. Bowdon and Stamford Road in particular has long been one of the most sought after locations, not least because of the attractive tree lined setting. In addition the shopping centre of Altrincham is less than a mile distance with its highly popular Market Hall which contains a variety of establishments including small independent retailers and informal dining options. The Metrolink station provides a commuter service into Manchester and the area is well placed for the surrounding network of motorways. Equally just a little closer is the fashionable village of Hale with its range of restaurants, wine bars and individual shops. Nearby is the exceptional Altrincham Grammar School for girls with Altrincham Grammar School for boys, Loreto Convent and St Ambrose being other highly regarded educational institutions in the locality as are the primary and preparatory schools.

The accommodation incorporates rooms of generous proportions and great care has been taken to retain much of the original character and charm all of which combines to create an exceptional family house enhanced by exceptionally tall ceilings, intricate moulded cornices, deep skirtings and sash windows. This unusual period property has reached the stage where modernisation is required and presents an ideal opportunity to remodel to individual taste. There is also much further potential subject to obtaining the relevant consent.

Approached beyond the original leaded light/panelled front door with arch shaped fanlight above, a stunning entrance hall with spindle balustrade staircase and mahogany handrail leads onto a spacious sitting room with the focal point of a traditional fireplace surround. The naturally light dining room features a cast iron fireplace and is ideal for formal entertaining. Positioned toward the rear a fitted kitchen with ample space for a breakfast table leads onto a sitting area with sliding windows opening onto the York stone paved terrace which is ideal for entertaining during the summer months. Completing the ground floor is a cloakroom/WC.

The basement replicates the ground floor in size and may be converted to provide substantial additional living space, subject to approval.

At first and second floor level there are six double bedrooms and three bath/shower rooms.

Externally there is off road parking within the driveway and integral garage beyond.

The landscaped grounds are an undoubted attribute with the added advantage of the aforementioned York stone paved rear terrace. The partly walled gardens are laid mainly to lawn with mature tree screened borders for privacy and importantly a southerly aspect to enjoy the sunshine throughout the day.
