This typical Mallorquin country house with approx. 79.890 m² of land is without any doubt a unique treasure: the privacy, the sunshine and the tranquillity are not easy to find nowadays. Entering the finca via a smooth car access, you enter a quiet refuge, where nature is the main feature.

The large stone house of approx. 544 m² is completely renovated and offers seven bedrooms, four bathrooms, a kitchen and a living room with a large fireplace as the centrepiece. The property offers marvellous views from all rooms...

In addition, there is an outbuilding of approx. 78 m² which houses a garage and a storeroom, and the property has its own water source. It is important to note that a large swimming pool of 30 m² can be built, which is the icing on the cake. An impressive property, the kind of which is hard to find in the Sierra de Tramuntana... Just 5 minutes by car from the Port of Sóller and the village centre!
