Living area	approx. 510 sqm	Plot size	approx. 20.000 sqm

The finest panoramic views of the Sóller Valley, stretching from Ses Tres Creus right to the sea... The grand entrance, lined with palm trees and bougainvillea, welcomes you to this lovely country house, split into a main residence and two guest cottages.

The main house, approximately 234 m², exudes elegance with a double-pitched roof and two storeys. Inside there are two double bedrooms, two bathrooms, a large entrance hall with stunning cement and stone mosaic floors, a kitchen, and a spacious lounge.

The terraces surrounding the house offer breathtaking views of the village and the mountains, with year-round sunshine, calm serenity and the sea breeze — a perfect combination. Privacy is absolute!

At the rear is a 26 m² swimming pool and a guest cottage of about 30 m², comprising a bedroom, a bathroom, a kitchen, and a snug sitting room. Its close proximity to the main house makes it ideal.

A little further away, near the entrance to the property, is a second guest cottage of about 70 m² over two floors. It includes a bedroom, bathroom, lounge, dining area, and a terrace with commanding views over the valley.

Importantly, the property holds a holiday rental licence — a valuable extra complementing its many other features.

The approximately 20,000 m² grounds surrounding the property provide total privacy, complemented by beautiful gardens and a carefully maintained century-old olive grove — delivering the authentic charm expected of a Majorcan country house.

Additional highlights include air conditioning and a covered parking area of around 24 m², accommodating several vehicles.

A truly unique property in an incomparable setting, just a 5-minute drive from Sóller town centre and approximately 15 minutes on foot to the central village plaza.
