This home embodies the very essence of the Mallorcan countryside, where panoramic views take center stage.

Set on the outskirts, halfway between Sóller town and the port, this beautiful stone house of approx. 310 m² offers a true retreat of peace and privacy.

The property features 4 bedrooms and 3 bathrooms. Recently extended with full permits, the new wing is designed for a spacious open-plan kitchen with dining area and an additional en-suite bedroom. All pre-installations are complete—ready for final fixtures and appliances.

Highlights include a large swimming pool, a rooftop terrace with breathtaking views over the valley and surrounding mountains, and a vast level garden of approx. 4,450 m². Excellent car access, a covered parking space for two vehicles, year-round sunshine, and private water supply make living here effortless.

This property represents a rare opportunity to invest and enjoy Mallorca without complications.

A generous basement of approx. 70 m² offers endless possibilities: gym, home cinema, wine cellar, or spa. In short, very few homes like this are available in Sóller!
