CHARMING CHARACTER COTTAGE
GUIDE PRICE £375,000 - £400,000**

Station House is a distinctive and utterly unique detached cottage formally the station master's house. The character & charm is noticeable the moment you enter this magnificent property with its warm, welcoming ambience. The home is positioned in a rural setting and is nestled within a generous and private plot, with an in and out driveway and a large, detached garage. On a plot approaching half of an acre, the rear garden benefits from an established tree lined boundary, providing a sense of privacy and serenity, whilst boasting beautiful and uninterrupted elevated views over the open countryside. Station House was built in 1896 and was the station masters house until 1955. The ground floor accommodation comprises a spacious entrance hallway, breakfast kitchen, lounge, dining room and WC. The light & airy landing has a beautiful view across the countryside and leads to three double bedrooms and a family bathroom. The property benefits from oil fired central heating, UPVC double glazing and a septic tank. The rear garden is mainly laid to lawn with a variety of trees to include magnolia, apple, and Japanese blossom. There are three sheds, a greenhouse, log store, pond, and a paved seating area where you can sit and enjoy those summer evenings. The front provides ample off road parking with an in and out drive and leads to the large, detached garage which benefits from an inspection pit.

If you love the outdoor lifestyle with walks and cycling then this property is in the perfect location. Route 647 is on the doorstep which is part of the disused railway trail and extends over 19 miles from Tuxford to Lincoln.
