The Crawford model (situated at Plot 3) is the second largest home within the development and enjoys a commanding position with a wonderful south facing garden to the rear. With the design irresistibly modern throughout utilising glass, natural light and open plan living spaces and with a spacious and versatile layout across two levels extending to circa 2245 square feet, early viewing is fundamental to fully appreciate this warm and very welcoming family home.

The externals of the development have been designed to combine a mix of traditional stone, white render and granite grey roof tiles to offer an exceptional level of classic style whilst featuring areas of soft landscaping to compliment the natural surroundings.

The ground floor offers an array of versatile living spaces, designed to cater to every aspect of modern family living. The cosy front facing lounge / dining room provides a serene sanctuary for relaxation and entertainment, while the heart of the home lies in the fabulous open plan kitchen thoughtfully designed for both culinary enthusiasts and social family gatherings. Complementing the ground floor of this exquisite home is a family room laid on a semi open plan basis to the kitchen, double bedroom (or home office if required) plus a practical shower room.

An impressive staircase ascends from the kitchen to the upper level which reveals three generous double bedrooms, master suite featuring a Paris Balcony, luxurious en-suite shower room and excellent integrated wardrobes. Bedrooms two and three also enjoy Paris balconies and integrated wardrobes plus there is a separate family bathroom.

All homes are available for customisation subject to stage of construction which includes choices of kitchen and bathroom styles and individual specifications. Each home comes with its own private landscaped garden grounds and provision to construct a garage.
