Kenton Lodge, which was constructed by McCarthy & Stone back in 2016, provides luxury assisted living exclusively for the over 70s, allowing residents to live independently, whilst still including domestic assistance when needed and a flexible care package. A unique aspect of life at Kenton Lodge is that you can become part of a community, offering social and cultural opportunities, and have access to a superb in-house restaurant serving very reasonably priced 3 course lunches daily.

The development incorporates the original period building with its grand staircase, ornate fireplaces and decorative ceilings with a number of communal areas, offering well-proportioned modern living. There are impressive landscaped communal grounds, with attractive terraced seating areas and an abundance of mature trees for privacy.

The apartment itself is accessed via secure communal entrance, where there is a concierge desk, and from here there is a short walk to the new build apartments to the rear of the development.
