Offers Over £200,000

J&H Mitchell and pleased to bring this attractive lodge situated in the ever popular Loch Tay Highland Lodges park to the market.

This attractive lodge is positioned to the side of the lower part of the park and is set back from the access road. Much of the timber lining on the interior walls has been painted white which brightens the interior. The hot water boiler has been recently replaced and new smart electric radiators have just been fitted throughout. (Note these are not in the photos) The lodge is being sold with most contents excluding personal items. Currently it is rented out for holiday letting and has the Scottish short term licence in place, but can equally be used solely for private use if preferred.

The lodge consists of an open plan living/dining and kitchen to the front with full height windows to maximise the views of Loch Tay. There is a door leading onto the decking at the front which has plenty space for a table and chairs to enjoy alfresco dining. The kitchen has wooden wall and floor units with a colourful tiled splashback. A new integrated electric oven has been recently installed and there is an electric hob, washing machine, large fridge-freezer and dish-washer.

There are three double sized bedrooms, currently one is set up as a double, one as a twin and the third as a triple with combined double and single bed bunks. The shower has been attractively decorated and consists a large shower cubicle, with WC and WHB set into a vanity unit and a heated towel rail.

The Loch Tay Highland Lodge park benefits from being a Loch Tay waterfront location with easy access for many water sports.

There is a restaurant and bar on site and various leisure facilities including a children's play area and local walks.
