A Handsome and Characterful Victorian Semi-Detached Family Residence

Occupying a generous plot and brimming with period charm, this substantial Victorian semi-detached residence – dating back approximately 160 years – boasts an abundance of original features including intricately carved wooden panelling, solid oak flooring, leaded windows with distinctive stained glass detailing, ornate fireplaces, and a wood-burning stove set within the elegant sitting room.

Lovingly maintained by the current owners for the past 37 years, the property is presented in excellent order throughout and offers exceptionally spacious and versatile accommodation, ideally suited to modern family living. The accommodation comprises six well-proportioned bedrooms, a family bathroom, two en-suite shower rooms, two impressive reception rooms, and a generously sized dining kitchen featuring a Rayburn gas stove.

Externally, the property benefits from off-street parking via a private driveway and an attractive front garden. To the rear lies a beautifully maintained garden with a spacious paved terrace, mature lawned areas, productive fruit and vegetable beds, a variety of established trees – including fruit trees – and a selection of sheltered seating areas enjoying delightful open views.

Further advantages include three useful cellar rooms providing ample storage, including a dedicated log store, and a range of outbuildings currently utilised as workshops, storage, and greenhouses – ideal for keen gardeners or those with a self-sufficient lifestyle in mind.

The home is equipped with argon-filled double-glazed windows throughout most rooms, gas central heating, and benefits from solar panels installed in 2011, with a new hybrid battery system fitted in January 2025 – offering impressively low energy bills.

This is a rare opportunity to acquire a much-loved family home full of warmth, character, and potential – early viewing is highly recommended.
