INTERNAL

The covered front door opens into a welcoming entrance hall, providing access to all ground floor rooms. Stairs rise to the first floor, and there is ample space to hang coats and remove shoes. Located at the front of the property and measuring 12'2" x 12'1" by 9'7" x 11'4", the dual-aspect bay-fronted living/dining room benefits from both south and north-facing windows, allowing natural light to fill the space throughout the day and evening—sunlight brightens the living room by day and the dining area by evening. To the rear of the house lies the generously sized kitchen/breakfast room, measuring 'x' by 'x'. This space comfortably accommodates a large family dining table without feeling cramped. The kitchen is fitted with a range of cream shaker-style wall and base units and features a variety of integrated appliances, including a dishwasher, washing machine, double oven, and four-ring gas hob with extractor fan. Beneath the stairs is a convenient ground floor WC, complete with a toilet and hand wash basin. Upstairs on the first floor are two spacious double bedrooms, measuring 16'9" x 12'2" and 9'8" x 19'6", each easily accommodating a large bed along with freestanding furniture. The main bedroom, with a south-facing bay window, also features a stunning marble fireplace—an elegant focal point of the room. The family bathroom is fitted with a contemporary four-piece suite, including a corner bath, corner shower, toilet, and a shaker-style vanity unit with hand wash basin. The second floor hosts two additional bedrooms. The third bedroom, which is south-facing, includes built-in wardrobes, extra eaves storage, and offers flexibility to be used as a bedroom, an additional reception space, or a home office.

EXTERNAL

To the front of the property is a shingled front garden, with various planted flowers and shrubs surrounding the boundaries. There's a stunning original flint fronted wall sectioning off the front garden to the public path, with a charming Victorian style black and red tiled path leading to the front door. The rear garden has been cleverly designed to maximize low maintenance living by being laid to paving, with plenty of space for an outdoor table and chairs. There is also access to two large storage units at the rear of the house.
