The property is on a long lease of 999 years, starting 1 Jan 2002

Ground Rent is £100.00 until 2035, rising to £200.00

The Freehold is owned by Hamlin Estates and NOT included in the sale.

A management company has been set up, with £2,000 sinking fund.

Current tenant is in a periodic tenancy agreement, and currently paying £595,00pcm with rent review due.

All four properties have been owned by one investment company, and the landlords have set up a new management company for which the purchasers of this apartment will be granted, a 25% share.

The current service charge is set at £50.00 per month. This is based on the expenditure maintaining the communal areas of the development over the last five years which has averaged less than £50.00 per month, but as the management was done by the owners themselves this doesn't take into account a managing agent or accountant fees should the new shareholders decide to appoint them, then this will increase accordingly.
