THE PROPERTY

If you need extra space for your growing family, pursue your hobbies, or to work from home, this generously proportioned detached home provides endless possibilities. As well as a practical and spacious internal layout, the large room above the integral double garage is a real bonus. Currently, it serves as an ideal spot for hobbies, a playroom, or a home business, with its own staircase ensuring separation from the main living areas. With beautiful countryside views, a spacious garden, and ample parking, this home is both practical and inviting, perfect for extended families or frequent visitors.

ACCOMMODATION

A handy entrance porch with room for coats and shoes, opens into a spacious hallway with ample room for extra furniture. A handy downstairs cloakroom lies at the rear of the hall and adjacent to a useful separate study or home office. The dual aspect sitting room with open fireplace (currently not in use) opens through into a triple aspect conservatory making the most of the garden and views. Across the hall, an extra reception room could be a formal dining room or great family room / play room, connecting with the kitchen / breakfast room which overlooks the rear garden. Fitted with a range of solid fronted timber units it incorporates storage cupboards, display units and plate rack, alongside integrated appliances including dishwasher, full length fridge and full length freezer. The freestanding dual-fuel range cooker is included in the sale.. The adjoining utility room opens onto the rear garden, and through an internal door to the double garage. As well as plumbing for your washing machine, and extra storage cupboards there's a useful second sink unit and cupboard housing the central heating controls. A separate doorway leads up to the first floor above the garage where there's a useful walk-in under eaves storage area, and a spacious room with en suite WC, perfect as an occasional guest room, hobby space or large home office.

The remainder of the first floor is accessed from the main staircase and landing, with four spacious bedrooms all with built-in storage. The rear bedrooms have a particularly fine outlook over the adjoining countryside, whilst the master bedroom benefits from its own spacious en suite bathroom including both a bath

and separate shower cubicle. There is also a family bathroom with electric shower over the bath. Both the family bathroom and en suite benefit from natural light.

OUTSIDE

The horseshoe driveway provides convenient access and ample parking, as well as access to the integral double garage with electric roller shutter door, power and light. There are side access gates to either end of the property, the southerly side with hardstanding including the oil storage tank and external oil fired boiler. A large paved patio extends across the rear of the house, under a timber pergola, whilst to the other side is a timber shed. A curving path flows down through the garden with perennial and shrub borders to each side, alongside a small wildlife pond. The expansive lawns will no doubt be popular with families, whilst beyond an arc of attractive ornamental trees including Acer and Magnolia is a further area of garden with timber workshop, greenhouse (both of which have power connected) mature apple tree and small area of fruit orchard, and a summerhouse creating a nice focal point. There is a further outside tap at the bottom of the garden.

SITUATION

Seavington is an attractive village made up of two small parishes, Seavington St Mary and Seavington St Michael, both with their own parish churches and sharing a lovely community shop and café, recreation ground with children's playground, village hall and pub. Nearby, the pretty village of South Petherton also offers a range of day to day amenities although almost equidistant is the Medieval market town of Ilminster, the centre of which is dominated by the ancient Minster and a thriving range of independent stores including butchers, delicatessen, hardware store, antiques and homeware stores as well as two supermarkets. Ilminster has a convenient road access to both the M5, junction 25 lies 13 miles to the north-west and 1 mile to the A303, now dual carriageway most of the way to the M3.
