THE PROPERTY

Dating back to the early 16th century, Sea Mills Farm boasts a wealth of history and future potential. Set back within its own grounds, the Grade II listed Farm comprises the original farmhouse, adjoining former cottage (now incorporated into the main house) and Mill workings which were in use until the 1970's. With a plethora of further outbuildings offering scope for ancillary accommodation, holiday lets or future development subject to planning permission, this unique and captivating house offers a wealth of possibilities whether you're looking for multi-generational living space or have an eye for future income potential. Offering the best of both worlds, the position is private with no near neighbours and yet just a five minute drive takes you back into the pretty town of Ilminster. There are excellent road links nearby connecting with the A303, A358 and M5.

ACCOMMODATION

The main farmhouse and former adjoining cottage are currently laid out as a spacious and adaptable family home which has seen many happy occasions for the current family during their ownership. Whilst there is still scope for a new owner to make their own mark on the property, it has been carefully maintained and improved over the past 30 years.

For those with dependent relatives, with relative ease the cottage could be reinstated as a separate annexe, by utilising the second staircase or alternatively adapting the ground floor layout, including the current store, study and snug in order to create a single-level living space on the ground floor. On the west side of the house the garden room with its en suite shower room and french doors opening onto the garden, can already serve as a immediate ground floor bedroom if required, or would make a great home office or family room if you prefer.

The overall flow of the property is good, with all principal rooms interconnecting to give a family-friendly layout. The traditional farmhouse style kitchen with its two oven AGA, and optional range cooker is very much the hub of the home and has a surprisingly generous ceiling height, along with room for a traditional farmhouse table. Flowing through to the conservatory that overlooks the gardens on the south side, this connects to a well-proportioned double aspect sitting room. The adjoining formal dining room has a most impressive Inglenook fireplace rebuilt by the previous owners. Many of the rooms are dual aspect and all overlook the attractive gardens and surrounding countryside.

The main staircase leads up through a beautiful landing with its open vaulted ceiling, exposed beams and stonework. The principal bedroom and guest bedroom are exceptionally spacious with stunning views over the grounds and countryside. Both have en suite bathrooms including Jacuzzi baths and separate showers. Three further double bedrooms on the first floor share an additional shower room, and have access via a second staircase to the ground floor.

OUTSIDE

Set back from the lane via its own private tree-lined drive and metal gates, you enter the large yard providing extensive parking and access to the cider orchard, gardens, and land. The farm has a wide range of former farm outbuildings, the mill house and workings, and a beautiful stone barn known as the Granary.

Set back from the main house across the yard, the Granary has detailed planning permission for conversion to ancillary accommodation. The works have been commenced and therefore the planning permission is now deemed perpetual. The adjoining former milking parlour opens into a separate yard behind, with additional milking parlour buildings now acting as storage and a good size workshop. A spacious former Dutch barn is now enclosed, offering excellent storage for vehicles and machinery. The adjacent stock barn provides further storage and consent was given in 2024 for Class Q conversion into two dwellings Ref 24/00425/PAMB.

A single garage and former stables are located across the yard, with adjacent southerly facing summerhouse enjoying views across the countryside towards Windwhistle.

The gardens surround the house on the north, west and east sides including more formal lawned gardens, at the front, bisected by the mill leat. At the side and rear are cottage-style gardens at the rear with patio, borders, mature fruit trees and ornamental pond. There is also a greenhouse and renovated two-seater privy to one corner with gateway leading through to a small lake located beyond the garden, popular with local wildlife.

The remaining land is divided into pasture land of 11.49 acres, divided into five enclosures and a cider apple orchard of 1.86 acres containing 46 productive trees,

SITUATION

The property is located in its own private grounds surrounded by unspoilt countryside. Despite the rural surroundings and views over the immediate countryside, it's just a 5 minute drive back into the pretty market town of Ilminster with its wide variety of independent stores. These are mostly centred around the market square and 15th century Minster church and have everything you need from an award-winning butchers, delicatessen, cheese and dairy shop, homewares, antiques stores, clothes boutiques and gift shops. Ilminster is also well served by a town-centre Tesco store with ample free parking. Alongside is a bowls club and tennis club and close-by a town library. The market square serves as the bus stop for local bus services to neighbouring towns and the Berry's Superfast coach service to London. Ilminster Arts Centre is a vibrant arts venue with licensed café and there are plenty of other places to socialise including pubs, cafes, and restaurants. There are several take-away establishments. There's a dental surgery as well as modern health centre on the

southern side of the town and a newly merged Primary School (Herne View). Ilminster is arguably one of South-Somerset's prettiest market towns and has everything you need for day to day living on your doorstep. Sea Mills is also within easy reach of the A358, A30 and A303 for those needing good road links to the M5, London or Exeter. The nearest rail stations are Crewkerne or Axminster for the Waterloo line or Taunton for the faster London Paddington or Bristol lines.
