A beautifully presented six-bedroom detached property located in the charming rural village of Hermon, just 13.6 miles from the bustling market town of Cardigan and 14 miles from the vibrant town of Narberth. This versatile home benefits from two reception rooms, a rear enclosed garden and off-road parking. Offering spacious and flexible accommodation, it is ideally suited for use as a family residence or a multigenerational home.

The accommodation briefly comprises, on the ground floor: an entrance hallway with doors leading to the kitchen, living room, and snug. The spacious living room, approximately 6.78m in length, features a wood-burning stove and benefits from windows to both the front and rear, allowing for plenty of natural light. A glazed internal door connects the living room to the second reception room — the snug — a cosy space overlooking the rear garden through glazed patio doors. The kitchen is fitted with matching wall and base units, includes a dining area, and provides access to the utility room. This practical space offers plumbing for a washing machine, a sink, wall-mounted cabinets, and a door leading to the downstairs W/C.

From the hallway, a staircase leads to the first floor where you'll find a galleried landing, a family bathroom complete with a separate bath and shower, and four bedrooms. The master bedroom benefits from its own en-suite shower room, while the remaining three bedrooms each feature fitted wardrobes. A further staircase rises to the second floor, where a landing with a Velux window offers distant views of the hills and surrounding landscape. Two additional double bedrooms are located on this level, providing flexible living or guest accommodation.

Externally, the property is set back from the road and offers ample off-road parking for several vehicles, leading to a detached garage with power and lighting—ideal for potential conversion (subject to planning consent). The front features a paved path leading to the front door, sheltered by a covered porch. Pathways on either side of the house provide access to the rear garden, which is mainly laid to lawn and includes a patio seating area and a greenhouse—an ideal spot to unwind and enjoy the outdoors.
