A unique townhouse in the historic center with a lot of charm located on a semi-pedestrian street in the very heart of the old town of Ciudadela. The house is located a few minutes walk from all the historical sites of the city and is full of character and originality. With several limestone walls (marés), and top-quality carpentry, it has been renovated and equipped to guarantee a level of comfort all year round. Its great style, a combination of white and stone colors and details such as mosaic tiles, as well as its attractive roof terrace, very private, right in front of the church of Sant Francesc and overlooking the charming terracotta roofs of the old city, makes this a unique piece that breathes history and elegance in all its senses.
