CHALEGROVE PROPERTIES

For over 30 years, Chalegrove Properties Limited (CPL) have delivered some of the UK's most admired and commercially successful, high-end residential projects.

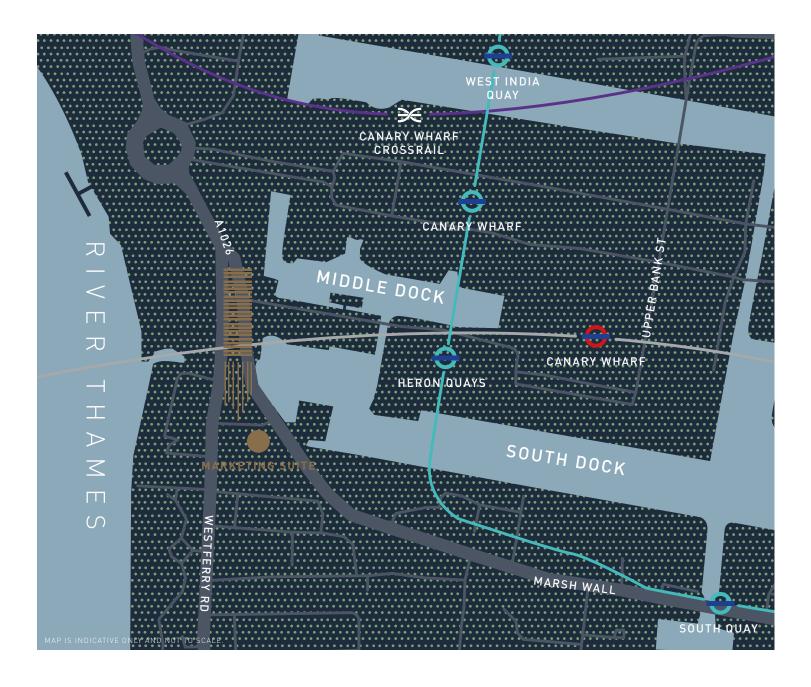

Their position as one of London's leading developers is a result of the strategic, long-term approach they have adopted since their incorporation in 1989. To date, CPL have successfully delivered 1,348 homes around the Canary Wharf area through schemes such as Canary Central, Landmark East and Landmark West. Currently under development are a further 1,157 homes. On completion of Landmark Pinnacle and Island Point, CPL will have delivered an impressive 2,500 homes in the Canary Wharf area alone. CPL have also delivered many luxury residential developments throughout London - including neighbourhoods such as St. John's Wood, Victoria, West Hampstead and Vauxhall – as well as other notable schemes in the UK, such as Oxford University's awardwinning Said Business School. This proven track-record has given them a deep and wide-ranging knowledge of the market, encompassing land

acquisition, planning, design and construction, sales and marketing, to final completion. Nowhere is this more apparent than in the award-winning Landmark family of buildings, to which Landmark Pinnacle will be the last and most celebrated addition. To realise this vision of a new, completely integrated, fully serviced, high-quality residential neighbourhood, CPL have sought out and established long-standing relationships with world-leading architects, designers, constructors, sales agents and marketing agencies. This dedicated, hand-picked team - which includes the world renowned architects, Squire and Partners, as well as internationally recognised design practices WSP and Hoare Lea - has been able to ensure that every aspect of the project delivers on this initial vision. The result is a home that will set a new standard for urban living in the city and, in addition, will stand as a London landmark far into the future.
