## Overall Description

This 1930's terraced house is in a quiet residential area close to local schools, shops and other amenities. It has three bedrooms and a bathroom upstairs with hallway, two receptions and kitchen on the ground floor. The property has gas central-heating and double-glazed windows but would benefit from internal modernisation to create a lovely spacious family home. There may also be potential to convert the loft, or extend to the rear, as has been done to other properties in the local area (subject to the usual consents). There is a good sized garden to the rear and a garage to the side. This property has plenty of potential so viewing is advised - please call to book onto the Open Day running from 10am to 11am on Saturday 16th December. The property is being sold with no chain and probate has been applied for and should be through in 16 weeks (early April).

## Location

The house is situated in a quiet residential street in Edmonton around a ten minute walk from Silver Street Station (with its regular trains to Liverpool Street, Cheshunt and Enfield Town). There are a good selection of local shops within walking distance along the Hertford Road which also has bus stops for local bus services (including to Silver St). There are plenty of local schools in the area including the Houndswood Primary School, Wren Academy, Aylward Academy, Hazelwood Junior School and The Latymer School, all within walking distance. Jubilee Park is around a ten minute walk away and the Lee Valley leisure Complex and Golf Course is also close by.
