### Overall Description

Lamsfield Cottage is beautifully presented Grade II Listed property, dating back to the 18th Century, that has been substantially extended and sympathetically modernised by its current owners in recent years to create what is now a stylish and spacious family home, that has retained its original period charm. There are now four double bedrooms upstairs, the master having an open-plan dressing area, as well as a new contemporary bathroom with period style roll-top bath and sanitary ware. Downstairs the quarry-tiled entrance hall leads to the cloakroom, boot room/utility and the sitting room with its original fireplace and multi-fuel burning stove - open-plan into the study with its tri-fold doors out to the patio - the perfect contrast between the old and the new. There are two other receptions, a family room with stable-doors to the front and back gardens and a dining room with French doors out to the garden and an open-plan entrance into the moden cottage-style kitchen with AGA. Finally, there is a fifth bedroom (which could be used as a home office) and a downstairs shower room. The layout is ideally suited for a large family but the new extension with second staircase would also suit families that want to have a separate annexe area for use by an elderly relative, one with a disability/additional needs or young adult (it even has scope to be totally separate from the house). Outside, the cottage has a sunny, south-facing and surprisingly private back garden and an attractive front garden with gravel driveway and ample parking. The current owners and their large and happy family have loved living at Lamsfield Cottage and have taken great care in all that they have done, with the large side extension and sympathetic up-dating, to make it an even more practical and welcoming place to live. People often say that "viewing is highly recommended", but in this case it really is if you want to appreciate all that this rather special family home has to offer. Please do call us and we will arrange to show you around in person at your earliest convenience. PLEASE NOTE: the vendors are suited as they have agreed a purchase on a property (subject to contact) with a complete upper chain in place.

### Location

The property sits centrally in the picturesque and sought-after village of Bayford, which is less than a ten minute walk from Bayford Station with its regular services to Finsbury Park (Piccadilly and Victoria underground lines), Moorgate and Stevenage - making it an ideal location for busy commuters who crave a quieter village lifestyle. The village is a thriving local community with a village green, two duck ponds (one directly opposite), village pub (shut but with discussions on-going), Saint Mary's Church, Cricket Club, village hall, bus stop and a well stocked village shop (with artisan bread, cakes and freshly ground coffee) in neighbouring Little Berkhamsted. The village is also home to the well-regarded Bayford CoE Primary and Pre-School (Ofsted rating GOOD), is within the catchment area for both the Presdales Academy Secondary Girl's School and the Richard Hale Secondary Boys School, and is also close to the St Josephs in the Park independent school. The bustling market town of Hertford is a short drive away with its independent shops, excellent choice of restaurants and pubs, castle with riverside gardens, and extensive sporting and other facilities including Hartham Common with its swimming pool, gym, tennis courts and running track. The village is surrounded by beautiful Hertfordshire countryside with plenty of footpaths and bridleways, some of which lead to nearby Broxbourne Woods (nearly 600 acres of woodland and Hertfordshire's only National Nature Reserve and home to the newly revamped Hertfordshire Zoo), yet it is also less than a ten minute drive from the A414 heading to the A1, M25 and A10. In summary, it is a quiet and peaceful village location, that's easily accessible from London and elsewhere - the best of both worlds.
