Overall Description

This spacious first floor apartment is part of a former conversion of this Grade II Listed Victorian detached house, sited at the entrance to Sele Mill, now an exclusive gated community of period apartments in what was previously the paper mill. The apartment is on the first floor and has a dual-aspect sitting room with bay window and window seat, two double bedrooms (the master also with bay window/window seat), separate kitchen, modern shower room and entrance hall. There is an allocated parking space to the rear accessed by remote through electric gates to the side. The owners of the apartment have a valuable share in the freehold for the building, with the four other owners and manage its upkeep collectively, with a 20% share each, which means that you don't have to worry about costly lease extensions or expensive management company fees. The apartment is also being sold with no onward chain, so if you are looking for an apartment with some character, in a really convenient location, then early viewing is strongly advised.
