It has become something of a 'trite' expression, but one that still rings true, and that is - '**Location, Location. Location**'. When assessing the value of any particular property, its situation is of paramount importance and with this **SEMI-DETACHED HOUSE** its location within **some 50 yards of the beach**, surely must rank highly. Accessed via a private residents footpath, Elmer beach offers a sheltered sand and shingle shoreline, protected by a series of 'rock islands'. The property, built some 30 years ago, has been in the **same family ownership since new**, carefully maintained and utilised as a holiday home over that period, enjoying the benefit of **gas fired central heating, uPVC framed double glazing plus a private west facing garden**, and of course the access to the beach. To be sold with the option of all the furniture, from white goods right down to the pots, pans plus knives and forks, ready for immediate occupation! Although not beach frontage, this position is a close run second, with significant **sea glimpses** from the bedroom windows. If the beach is important to you then this could just be the one. Contact **May's** for an appointment to view, then take in the salt fresh air with a walk to the Beach.
