

Low Green Farm Bothel, Wigton, CA7 2JA

£525,000

Built in 1810 Low Green Farm is truly the most gorgeous of homes which has been sympathetically restored over the last 19 years to the highest of specifications with many traditional features having been retained, including beams, fireplaces and the cast iron range.

There is an abundance of accommodation including three reception rooms, all of which are centred around the hub of the home - the fantastic and very stylish "Atlantis" kitchen - and in total there are five bedrooms, three bathrooms and three attic rooms. All that said it doesn't feel overwhelming and the layout of the rooms works perfectly if you have teenagers or an elderly dependent - you could easily create an annexe.

Outside it stands in informal grounds, the back garden being a sun trap and very private, and along with ample parking there's a summerhouse and three large barns - ready for conversion (STPP), but perfect if you need good storage space.

From the front there is a delightful view over rooftops to the countryside and Lake District fells in the distance. IT'S ABSOLUTELY PERFECT!
