Badbury  
Fields

## Our experience gives you the best experience

EDE HOMES have over sixty years' experience in designing and developing beautiful homes across Oxfordshire. Some of the county's most prestigious residential and commercial developments are part of our portfolio.

And it's all been leading up to this moment – the moment you step over the threshold of your brand new home and know that this is the place.

Contemporary kitchens, elegant bathrooms, stylish finishes, top quality workmanship, all coming together to produce your perfect home.

*Yes, this is the place.*

# The Ede Homes Difference

EDE HOMES is proud to be a family firm, and this underpins the values on which we base our whole business: we take great pride in the quality of our construction, our commitment to our buyers' satisfaction and the after-sales care we provide. We have invested many years in our business so you can enjoy your new home for many years to come.

Our sensitive developments reflect and take cues from their surroundings, whether urban or rural, and our use of appropriate materials – sourced locally wherever possible – enhances the overall appearance of the development.

Whatever the size of house, we pride ourselves on always maintaining the highest standards in

planning, design, construction and finish, meaning you can be confident in the quality of your new home, whatever your budget.

And our commitment to the highest standards doesn't end when you move in: our friendly team will guide you through the handover process, running through everything you need to know about your new home.

We provide our own two-year warranty, during which we are personally on hand to address any issues which might occur, as well as an insurance-backed ten-year building warranty with an established provider such as NHBC.

# Excellence as Standard

## A forever home of the highest quality

**OUTSTANDING QUALITY** is at the heart of every home we build at Ede Homes. We believe that the design, construction and finishing of each of our properties should be of the same high standard across our whole range, from a two-bedroom apartment in town to a five-bedroom detached house in the country – and everything in between.

That's why, over the years, we have cultivated a team around us of dedicated, creative and reliable professionals who have the same mindset as we do – all striving to produce the best quality homes for our buyers.

The team creates our homes with maximum flexibility and enjoyment in mind: well-designed living spaces with garden access lets life flow

effortlessly; a separate lounge means you can find a sanctuary after a long day; the small yet essential touches which make everyday life that bit better – an oak-detailed staircase, EV charging points and USB sockets to name a few.

Our high-quality kitchens are designed and produced in Germany by Nobilia and are stylish, contemporary and durable, to inspire your cooking and entertaining for years to come. We install a comprehensive range of top quality AEG appliances for reliability and long service.

Relax in a beautiful bathroom, fitted with high quality sanitaryware and brassware, stylish tiles by Minoli and extra touches of luxury such as low-level showers and rainfall shower heads.

# Making your new home your own

**THE EXCITEMENT** of settling in to a new home goes hand in hand with the thrill of making your mark on a blank canvas, reflecting your family's character – what you love and what brings you joy.

Finding the right place for the little things that mean this is *your* new home, but also time to splash out on some things that make this your *new* home.

That's why, if you reserve early on in the build process, we can offer you the opportunity to choose some of the main features in your home from our range of options.

Choose your kitchen style, from our range of traditional and contemporary German-made Nobilia kitchens; select the tiling you prefer for your floors and bathrooms from our exclusive Minoli range; decide which carpets suit your taste from our range of beautiful colours. Just speak to our sales team to discover more.

We'd love to help you make your new home *your* new home.

Beautifully  
Finished

# Delightful Oxfordshire

Faringdon's historic Market Hall

Tadpole Bridge over the River Thames

The Tithe Barn at Great Coxwell dates from the 13th century

The spring carpet of bluebells at Badbury Hill

Harwell Campus is home to many world-class tech employers

## Bluebells, a folly and a white horse

**BADBURY HILL** is reborn each spring in a blaze of purple blue as its carpet of bluebells re-emerges before the brilliant green beech canopy appears. Just on the fringes of Faringdon, it is a well-loved place to walk the dogs or drink in the glorious sunshine of a warm spring day.

Faringdon's characterful Market Square is filled with elegant, brightly painted buildings clustered around the ancient, Grade II\* listed Market Hall.

The town's location and history are entwined together. Its position on the higher ground between the Vale of White Horse and the Upper Thames Valley with its river crossings has made it a place to

fight over for centuries; Oliver Cromwell fortified Folly Hill and Henry VIII briefly owned Great Coxwell Tithe Barn. Faringdon Folly is perhaps the town's best-known landmark, and is Britain's last major folly, dating from the 1930s.

Older by far is the spectacular Bronze Age White Horse of Uffington, the oldest white horse carving in Britain, which is more than 3,000 years old.

For a small town, there are plenty of amenities, including a leisure centre, sports centre, medical centre and several supermarkets including a Waitrose. Thriving Faringdon Town FC runs several teams for adults, boys and girls in the local league.

# County of landscapes, learning and innovation

OXFORDSHIRE may be famous for its ancient, world-renowned University, but there is much more to it than that.

Faringdon sits between the thriving market towns of Witney and Wantage, close to the North Wessex Downs, where the White Horse of Uffington and the ancient sites of the Ridgeway are waiting to be explored.

The rolling Cotswold Hills are to many people the quintessential English landscape, with their quiet lanes, welcoming pubs and villages of honey-coloured stone nestling in secluded valleys.

Located around the county are many technology and research campuses, home to innovation businesses of international importance.

Oxford's world-class museums are some of the best in the world, and most are free to visit. A walk around its narrow streets and Colleges is to step into another world, with surprises round every corner.

Look west towards Swindon for the nearest major centre for shopping, road and rail connections, and many major employers. The popular Steam museum is a window into Swindon's 19th-century heritage as a railway town.

Oxford's majestic Radcliffe Camera

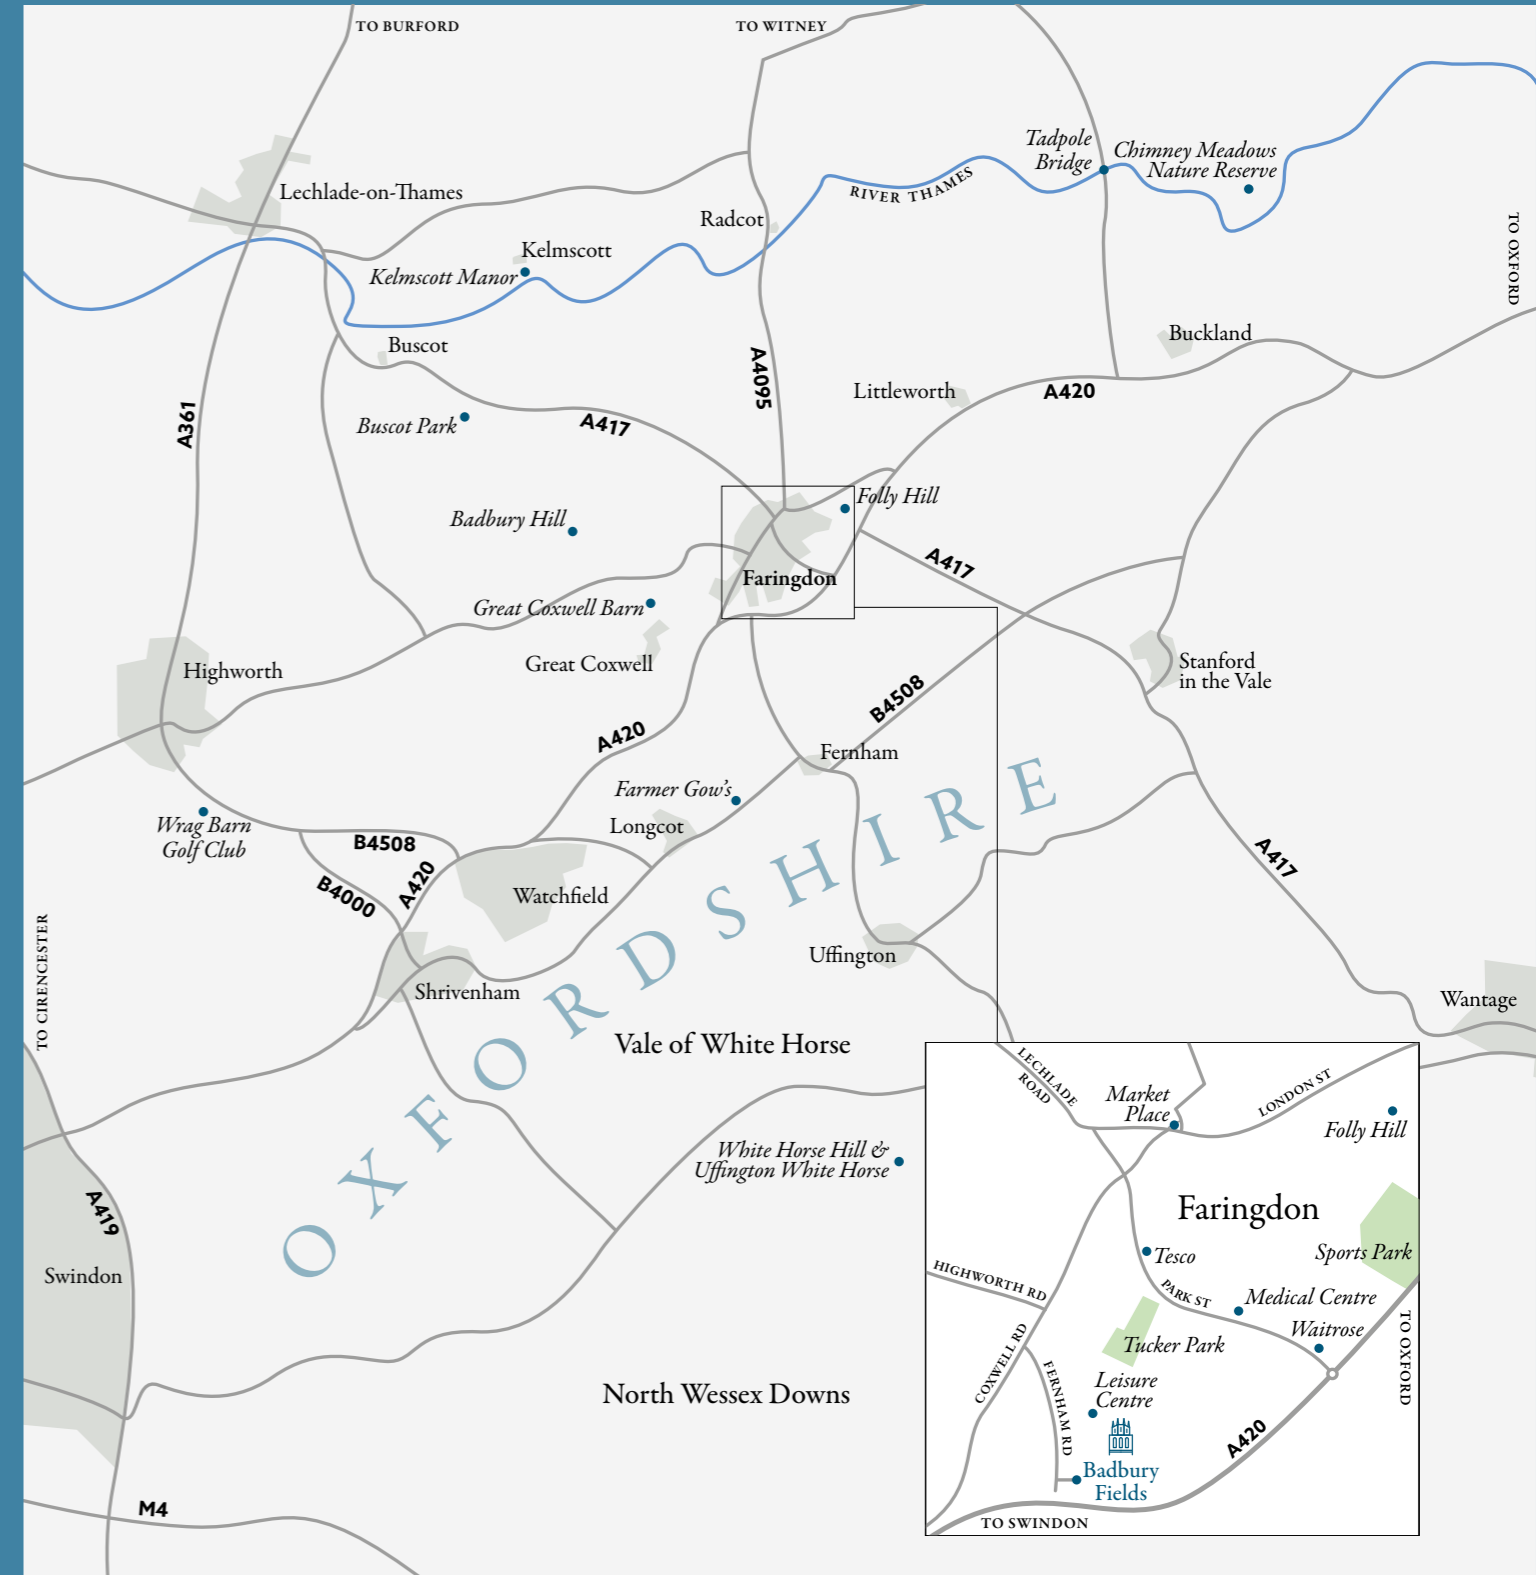

# A fantastic place to put down roots

BADBURY FIELDS is perfectly located to take advantage of beautiful Oxfordshire while being close to major centres and near to transport links.

Swindon and Oxford are 13 and 19 miles away respectively, and both have excellent train services to Bristol, London and the Midlands. The M4 is also within easy reach.

Faringdon Community College is the local secondary school and is rated Good by OFSTED. Folly View primary school – also rated Good – is Faringdon’s main primary school, but there several in the surrounding villages.

There are regular bus services to Swindon and Oxford and weekday services to Witney and Wantage.

Approximate distances from Badbury Fields according to Google Maps. For dates of OFSTED reports, please refer to school websites.
