## Wilmot Road, London, E10

Craft Mews is a truly unique development. The complex was designed as a traditional style build and our architects drew inspiration from the charming Arts and Crafts movement which was popular between 1880 and 1920. Each property is named after famous artworks or artists from that era. The development is perfectly positioned on a quiet residential cul-de-sac to provide the ideal setting for an exquisite mews of homes, tucked away from the hustle and bustle. The properties at Craft Mews have been designed as the perfect marriage between classical style and modern building materials. Craft Mews has been designed with great detail and distinctive features to make this development really special. From the stable-style arched gateway and the traditional cottage brickwork, to the enchanting courtyard garden, Craft Mews is a set of homes designed for those who are looking for somewhere to live and love.
