## AUCTION GUIDELINES

<https://www.eigpropertyauctions.co.uk/buying-at-auction/guide-to-buying-at-auction>

The property will be offered for sale subject to the conditions of sale and unless previously sold or withdrawn and a legal pack will be available prior to the auction for inspection. For further information on the auction process please see the RICS Guidance <http://www.rics.org/uk/knowledge/consumer-guides/property-auction-guide/>

Guide prices are issued as an indication of the expected sale price which could be higher or lower. The reserve price

(which is confidential to the vendor and the auctioneer) is the minimum amount at which the vendor will sell the property for and will be within a range of guide prices quoted or within 10% of a fixed guide price. The guide price can be subject to change.

Please be aware that the “Guides” are provided as an indication of each Seller’s minimum expectation. They are not necessarily figures at which a property will sell for and may change at any time prior to Auction. Unless stated otherwise, every Lot will be offered subject to a reserve price (a figure below which the Auctioneer cannot sell the Lot during the Auction). This reserve figure cannot be higher than 10% above a single figure guide. Following the fall of the hammer contracts are exchanged and there is no going back!
